

To,

The entire team of
New Life India,

We would like to say "Thank you very much" from
bottom of our heart to each and every member
of new life india.

It's been a long and hectic journey and
we were disappointed to the hilt then someone
suggested about new life and the moment
we entered over here we had a feeling
that we are at the right place and
during the entire procedure of IVF we
never felt that we are into hospital or
clinic, we always felt that we are at
home only. everyone is so courteous and
well trained that we never had to worry
about the procedure. I wish lots of happiness
and great luck to the team, specially Dr.
Deeksha, Mrs. Sonia Man, Craigi, Renu Man and
the entire team. Thanking you. V.K. Agrawal
